

## **RELEVANT EVENT**

El Prat de Llobregat, September 6, 2012.

In accordance with the provisions of article 82 of Act 24/1988, of 28th July, of the Stock Exchange Market, it is hereby reported that La Seda de Barcelona, S.A. (**LSB**) has transferred to Invista Technologies S.A.R.L. the intellectual property rights that LSB held in relation to the chemical business and including the process technologies for the design, construction and operation of plants of purified terephthalic acid (PTA) and polyethylene terephthalate (PET) in Europe, the Middle East and Africa.

LSB has reserved to itself and its affiliates the right to use the aforementioned technologies in the plants where such technologies are currently installed. Additionally, the executed transfer will not affect the rights previously granted by LSB to third parties for the use of these technologies in accordance with the agreements entered into for that purpose and currently in force.

This transaction is within the plan of disinvestment in non-core assets approved by LSB.

Yours faithfully,

Carlos Moreira da Silva  
Executive Chairman
